YOUR WHOLE TRIP, IN YOUR POCKET

Your Greece TripFilo™

Before you travel, you receive a link to your own TripFilo ("Filo" means friend in Greek). It opens on your phone like a normal web page, with nothing to download: every day, every booking and every contact, in one place.

TripFilo on your phone

Add it to your home screen and open it from its own icon. Your plans, stays and contacts still show with no signal. WhatsApp and maps need a connection.

EVERYTHING YOU NEED, DAY BY DAY

Integrated concierge service

Tap Help on any screen to message the team in Greece for tips, recommendations and tour ideas in every location.

Opens on today

During your trip, your TripFilo opens on the current day, so what comes next is always first.

Every day, planned

Pickup times, ferries, flights, tours and car hire for each day, with meeting points and a link to open each one in Maps.

One tap to the right person

Each booking shows who to contact. Message them on WhatsApp or call them with one tap.

All your stays

Hotels, dates, rooms, meals and confirmation numbers, together in one list.

Add to your calendar

Every booking goes into your phone's calendar, with a reminder the evening before and an hour before.

Save it for offline

Save the full itinerary as a PDF that opens without internet, or email yourself a copy.

Easy to share

Send the link to everyone you're travelling with, so the whole group has the details.
